Companions: Still no live meetings, and I miss the camaraderie. We hope in the near future to be able to continue our personal interaction and sharing food and drink in comfortable surroundings, plus contribute to the community with our outreach programs.

I missed the September meeting due to a previous commitment I had with some fellow Army friends. We went to Glacier National Park, Montana. It was six days of relaxation, sharing travel time with friends and enjoying the wonders of our National Park system.

I want to thank Ed Murphy, Sr. Vice for filling in for me at the September meeting. I knew he would not let the membership down.

This month's meeting on October 11<sup>th</sup>, our guest speaker will be Arthur Wigfall, Supervisory Air Marshal in Charge, Federal Air Marshal Service. If you do not know what the Air Marshal Service does, please attend this scheduled Zoom meeting on Sunday, at NOON. Be prepared to ask questions you may have. You should "GOOGLE" it to find out more on the Air Marshal Service.

In the September Dispatch, I mentioned that my focus for my term of Commander would be to increase participation in our chapter's committees. The first committee I identified was the Membership Committee – Dick Muri volunteered to chair that committee. Thanks Dick.

Other committees I have identified in the chapter are: Homeland Security chaired by the Mummery's; National Security chaired by Ray Coffey; Law & Order chaired by Lee Leddy. There are outreach functions that are handled by individuals and may not be organized as a committee: Washington State Patriotic Day has Keith Warren as primary coordinator: the Homeless Veterans BBQ, John Mc Connel; Dave Gibson coordinates the Northwest Youth Leadership Conference held annually at PLU. Other committees are: Patriotic Education; and Flag Day. Another committee is Boy Scouts of America—and here we need help. The chapter is looking for someone that may be interested in Scouting to chair our efforts with the scouts.

I would hope that there would be some interest by companions in the chapter to get involved. I know from experience that once you become more engaged in chapter activities you will feel more a part of the chapter.

Hope you log into ZOOM on Oct 11<sup>th</sup>, see you then. Heinz

The United States as well as the rest of the world is experiencing a pandemic which is causing more devastation than we have ever had except during a time of war. Since late last March many of us, if not most, have spent more time at home in a quarantine situation and only going out to grocery shop or perhaps more recently to enjoy a restaurant meal in a

protective environment. On occasion when we have spent an entire day at home it has been a difficult experience. perhaps you've had a similar time.

One of the most serious concerns we have had during this pandemic has been the effect it has had on our churches. Many congregations have developed programs which use home computers to stay in touch with members by providing Sunday services on line and daily messages and/or Bible studies during the week. Each church has a program developed by the pastor and staff. Not every member participates but most of them enjoy the programs. The principle problem is the absence of regular weekly offerings. Unfortunately, there are many congregations that will not survive the lack of funding to pay salaries and other expenses.

During these difficult times our personal prayers are becoming more important. We must remember to pray daily for our families and friends. My favorite song is "God Bless America" which reminds us that we should include our country in our daily prayers. Whether we are Liberals or Conservatives it was terrible news last Friday to learn that both the President and Mrs. Trump had tested positive for Covid-19. At this time the President is being treated at Walter Reed Hospital and Mrs. Trump cannot leave the White House. It is hoped that both of them will recover quickly and that both of them be included in our daily prayers.
